

Brand Guidelines

01. Vision Statement

“We envision a world where chemical compliance is fulfilled, for a safe environment and a sustainable planet.”

02. Mission Statement

“We make chemical risks visible to companies and workers, empowering them to increase awareness and safety in the workplace.”

Business

03. Business Idea

“We are the premier provider of data-powered SaaS solutions for chemical compliance, empowering companies to act wisely, with unmatched support and expertise.”

Values

03. Core Values

Dedicated

To deliver chemical safety for people and the environment.

In finding solutions to my customers' problems.

In supporting my colleagues and sharing my knowledge.

Innovative

I embrace continuous innovation by being bold and exploring new ideas! I take initiative and ownership for delivery.

I adapt to challenges, always curious to discover new ways of doing things.

Trust

I foster long-term partnerships built on trust, transparency, and a shared commitment to success.

I always strive to be a reliable and appreciated partner and colleague.

Have fun winning together!

I am focused on reaching our goals, making my customers the heroes, and celebrating our success along the way.

Logotype

04. Logotype

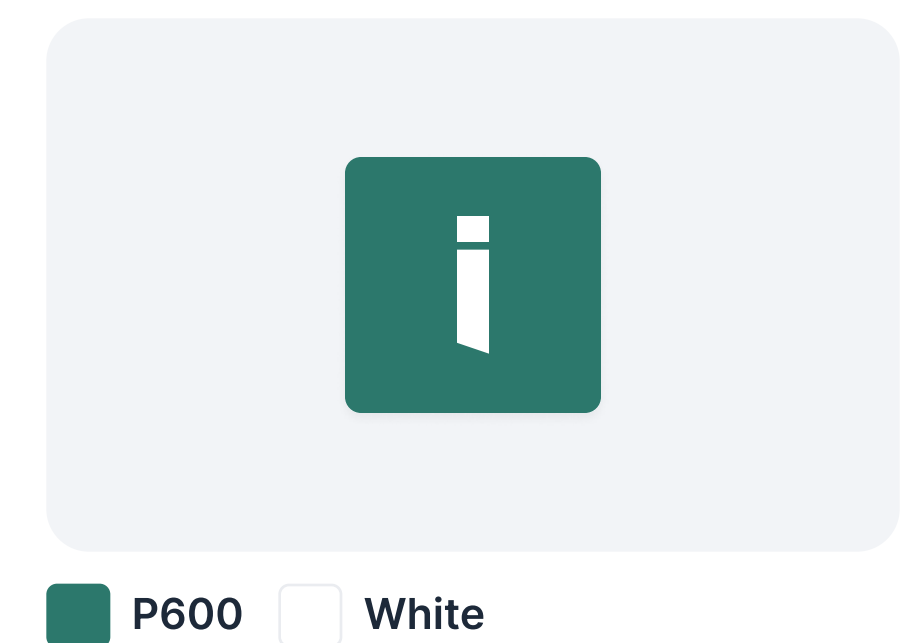

Main Logotype

Use the main logotype when introducing the brand, in key promotional content, or whenever a strong brand presence is required. Avoid altering its design or colors to maintain integrity and visibility across all applications.

Favicon / Symbol

Used as a favicon or in smaller square situations, like a LinkedIn profile image.

Colors

05. Color Palette

Base

These are base black and white color styles to quickly swap out if you need to.

Gray 25-100 Main use is for backgrounds **Gray 200-300** Borders and dividers

Gray 600 Primary body text color **Gray 900** Primary headline color

Colors

05. Color Palette

Primary

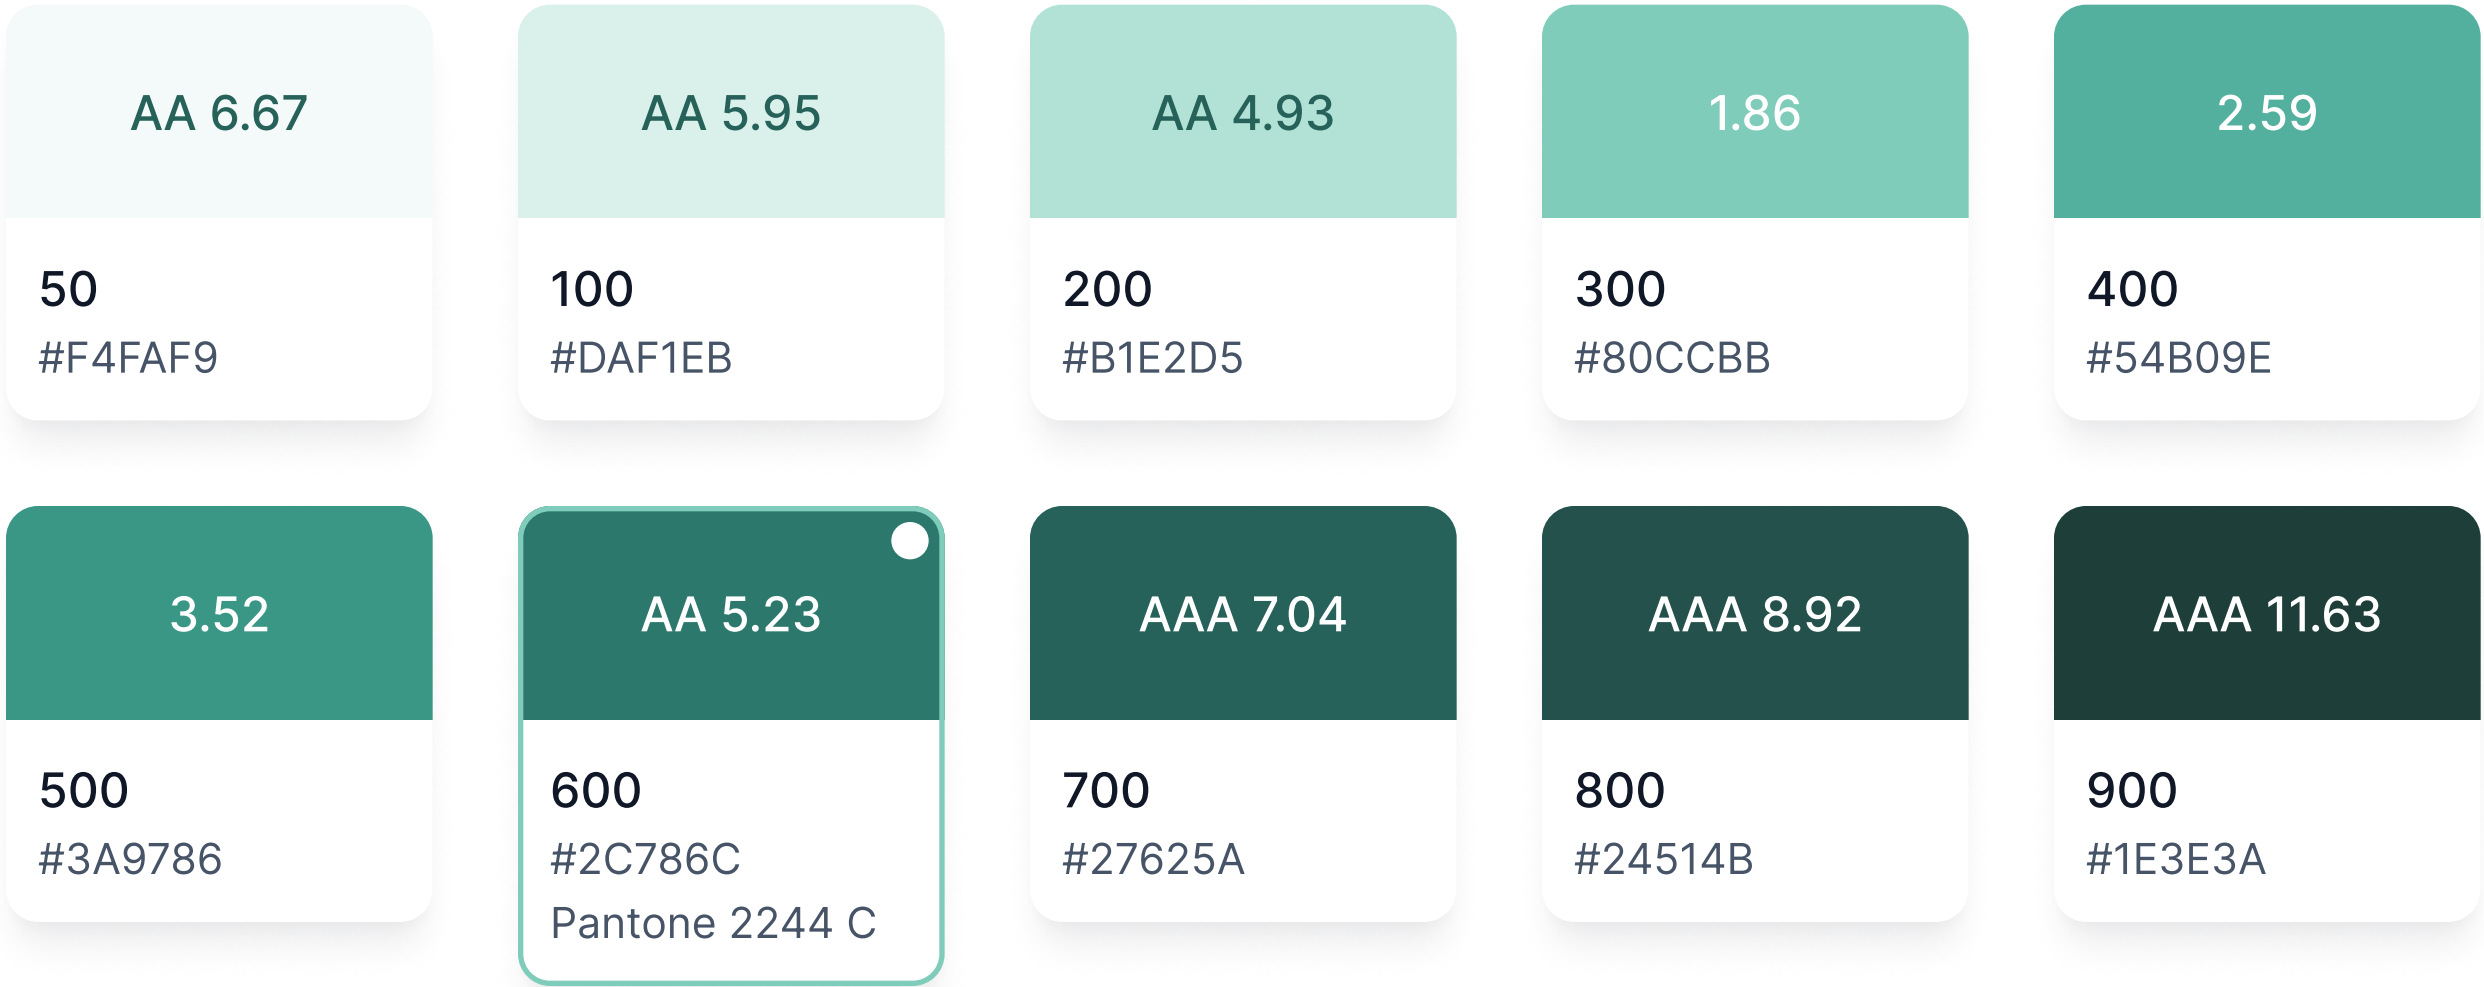

The primary color is our "brand" color, and is used across all interactive elements such as buttons, links, inputs, etc. This color can define the overall feel and can elicit emotion.

Green 50-100 Main use is for light backgrounds.

Green 200-300 Borders and dividers.

Green 600 Main brand color.

Green 800-900 Dark backgrounds and hover states.

06. Typography

Headings

Heading styles should be used to establish a clear hierarchy in our content, guiding readers through important information.

06. Typography

Body text

Body text is the primary content style used for conveying information in our materials. Use the designated font size and line spacing to enhance readability, ensuring that the text is easy to follow. Body text is ideal for paragraphs, descriptions, and general information.
